

Aerolite Quarries Pty Ltd are proud to supply **Aerolite Scoria** and **Aero Stone** landscape products to infrastructure projects and drought-tolerant gardens of Australia.

Our products have been tested over thousands of years and the benefits of scoria in landscaping are very clear: lightweight, mineral rich, water retentive, insulating, aerating, fire retardant and aesthetically pleasing.

Natural and coloured scoria products suit a variety of landscape options. **Aerolite Quarries** supply a full range of products from our drainage aggregate, from natural scoria toppings to our coloured 'aerostone mulch' and amazing 'Aerogrow' soil mix.

Aerolite Quarries
